TESTIMONIALS what they say..

Clients Speak 7X Weddings by DevRaj

BitWise has been instrumental in working towards our brand positioning as one of the best wedding planning companies globally. They have been actively involved for the past 5 years in all our website + social media related activities. I would highly recommend them to anyone looking for best social media practices and recreating their brand image.

Rajat Sogani Co-Founder, 7X Weddings

Kersi Engineer Texas, USA

BitWise helped in result oriented digital marketing. They took care of my Facebook and Instagram Ad Campaigns. More than organic reach, which would take a lot of time, they focussed on right marketing strategies towards my target market. This included defining a budget and selecting correct advertising channels. They also developed a beautiful website for my company.

Kersi F Engineer, President, Elevate Homes, Texas

Ackta Texas, USA

I was looking to increase footfall in my physical therapy centre and before BitWise, the other agencies that I worked with only made random posts which never helped. They worked crucially towards each service that we provided at our centre and showcased the right content. This was also assisted with some ads and boosts which really helped us gain new clientele.

Aekta, Founder, Polygon PT, Richmond, Texas

Piyush Gaur Mindfulness coach, Toronto, Canada

We started with creating my new website and eventually moved on to ranking the same on Google. Team BitWise did a fantastic job with everything. They helped me with ranking my website around Toronto and India and bringing traffic on my blog with best SEO practices.
